City and County of New York, ss. William Armstrong of said city being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jucob Townsend, who at that time was a book and pamphlet pedlar, called upon de ponent at the house of Mr Thompson, No. 12 Hudson street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., book publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr

Deponent in one of the conversations asked said Townsend if he was related to Dr S P Townsend, to which he replied that he knew Dr S. P. would be down on him after he should commence; but that he did not care for him, as he had formed a copartnership with men who could furnish the requisite amount of capital--and was well prepared to defend himself against any attack that might be made on him.

Deponent further says that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsapprilla and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, as they furnished all the capital ; -- said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr S. P.'s, and deponent, at the request of said Jacob Townsend, went to the office of Dr S. P. and procured one of his labels. And deponent further says that he has been in
